Lyrics

In the heart of Tennessee, there's a district just for me, working side by side talented identified. Seeing brilliance is our way. Every student, every day. There's so. Much to find. Each school a goldmine.

EVERY STUDENT KNOWN. A promise that we own. There's so much we can be. Stay patient and you'll see.

EVERY STUDENT KNOWN. A goal we won't let go. It's our commitment to see the brilliance in you. THERE'S BRILLIANCE IN YOU!

Every day a brand new start. What we do could top the charts. Never on our own. Don't try and walk alone. Don't be shy. You gotta see all the great things that we'll be.

Standing side by side. Got all we need to know. Standing side by side. Got all we need so we'll shine.

Every Student Known. A promise that we own. There's so much we can be. Stay patient, and you'll see.

Every Student Known. A goal we won't let go. It's our commitment to see the brilliance in you.

Every Student Known there's so much we can be. Everyvery Student Known. A goal we won't let go. It's our commitment to see the brilliance in you. There's brilliance in you, there's brilliance in you, oh oh oh .There's brilliance in you.

It's our dream. So, you know we gotta live it. Attendance up cause, know we're independent

Exceeding expectations we're gonna do this. Using what we got break down all the contradictions Reaching to the top and we're never gonna stop it. Knocking out these goals with the power of our knowledge. Working hard so you know that we got this.

Every Student Known is the mantra that we rock with It's my dream I do believe I will achieve. With your hand to guide me I'll keep climbing.

Every Student Known a promise that we own. There's so much we can be. Stay patient and you'll see. Every Student Known a goal we won't let go. It's our commitment to see the brilliance in you
