Greetings!

Thank you for reaching out to us to receive information about the **2019 National Mariachi Workshops for Educators®** co-sponsored by West Music Mariachi, Albertson's Foundation, D'Addario & Company, Inc., Yamaha Corporation of America, Wenger Corporation, Conn-Selmer, Inc., and Hal Leonard Corporation with optional graduate credit offered through VanderCook College of Music. Below are a number of the current details regarding the workshop so begin now to plan for a WONDERFUL WEEK of fun and learning!

### **1. DATES, TIMES AND INITIAL INFORMATION**

The 2019 National Mariachi Workshops for Educators® will again be held at the *Fabulous Golden Nugget Hotel and Casino* in Las Vegas. The doors will open at 7:00 AM with sessions beginning promptly at 8:00 AM on Monday, July 8, 2019, and conclude "officially" at 3:30 PM on Friday, July 12, 2019. Two (2) levels of instruction, based on Beginning and Intermediate/Advanced Mariachi Styles, will be offered with each also containing a focus on vocal training so that ALL participants will have access to age-appropriate vocal pedagogy. These levels are defined by the specific mariachi styles to be studied which progress from easy to difficult along the continuum. A great deal of focus will be placed on the playing of secondary and tertiary instruments in the areas that are of highest need as determined by you. All participants will also have the opportunity to perform on their primary instruments to sharpen characteristic stylistic nuances as required by the various mariachi styles.

### **2. TEACHING PROFESSIONALS**

Our esteemed clinician, Maestro **José Hernández**, is sponsored cooperatively by West Music Mariachi and Conn-Selmer, Inc. He will work with both levels individually to better apply the appropriate performance characteristics to each of the styles being studied. **Willie Acuña**, renowned harpist for Mariachi Sol de Mexico, will also return again this year to offer harp classes on the Serrano 34 harp that he has crafted that is experiencing increased popularity in school-based mariachi programs. As the lead instructors for the workshops, the highly successful mariachi educators from the Clark County School District's (CCSD) comprehensive, standards-based, award-winning Mariachi Program will again bring their talents and most effective materials and classroom strategies to share with all participants. The 2018-19 CCSD district-wide Mariachi Program has over 7,000 enrollees—the largest in the nation—and our instructors which include **Ramiro Benavides, Robert Lopez, Erik Ramirez, and Yvette Sital**, will share their instructional strategies as well as their ideas for recruiting and retaining students in your programs.

**ALL** attendees will have extensive opportunities to learn or enhance their abilities to play the guitar, vihuela and guitarron as well as brush up on violin and trumpet playing skills. Private lessons will be available on all instruments including voice and may be arranged with the individual instructors upon arrival. The week will close with a concert performance featuring all

participants playing several of the mariachi arrangements of the various styles studied during the workshop and will also feature one of the CCSD's Secondary Mariachi Ensembles. **Please be sure to bring a white shirt and black pants to wear in the Friday performance.** Moños will be provided!
