VanderCook College of Music**

Each of the three mariachi courses will focus on the development of pedagogical strategies to assist educators in teaching mariachi at a variety of levels, including the development of playing skills on secondary and tertiary instruments. Attendees will also be treated to a performance by a local school mariachi ensemble.

**BEGINNING MARIACHI PEDAGOGY**

Expand enrollment and provide additional opportunities for music-making by offering mariachi at your school. Participants will learn to play the guitarrón, vihuela and guitar in authentic style through study and playing of the ranchera valseada, ranchera lenta, bolero and polka song styles. In addition, sample materials will be provided that can be used in presentations to district administrators, principals, parents and fellow educators. Resources include curriculum documents, beginning level musical arrangements for the various mariachi song forms, recordings, historical material and information on procuring instruments, uniforms, and clinicians. Emphasis will be placed on ensemble playing and singing. Participants will acquire new skills and a full year's worth of materials so that a mariachi program can be successfully introduced into a school's comprehensive music program. Teachers will also extend their network to include professional mariachi resource consultants who will be available to assist as the subsequent school year progresses.

**INTERMEDIATE MARIACHI PEDAGOGY**

Participants will enhance their playing skills on guitarrón, vihuela and guitar in authentic style through study of intermediate-level playing techniques and song styles including, but not limited to, bolero moruno, a variety of sones, basic joropo, jarabe and cumbia. Participants should have already completed *Beginning Mariachi* or have previous experience teaching or playing mariachi. The musical and curricular material presented will be appropriate for use with students who are advancing into their second year of mariachi study. Emphasis will be placed on ensemble playing and singing with opportunities to study each of the secondary instruments to assist with the development of individual playing and teaching skills.

**ADVANCED MARIACHI PEDAGOGY**

Participants will advance their playing skills on guitarrón, vihuela, and guitar in authentic style through study and playing of the more complex playing techniques and song styles including, but not limited to, advanced joropo, son jarocho and huapango. Participants will be provided with an array of musical material representative of the more advanced song styles as well as advanced curricular materials that are appropriate for students/ensembles moving into their third year of study. Emphasis will be placed on ensemble singing and playing with opportunities for attendees to study each of the secondary instruments to assist with the development of individual playing skills.

**OPTIONAL MASTER CLASSES: \$50 each**
